Matt,

I left you a VM today, but it sounds like you were not in cell range (and probably very busy). I am working with CBI/Ex. 4 to come up with a quick solution and pricing for the Animas River situation.

We will have pricing ready by tomorrow morning and the good news is that the assets we are proposing are ready to move, as is our labor. (Specifically: within 4-days once the paperwork is done).

A quick summary of our plan:

I do have some questions for you before we finalize the proposal. Please call me tomorrow if/when you get a chance. I will be in my office all day.

Thanks!
